

Payment Policies and Amounts 2019-2020

I accept payment for the entire school year in September. Students who have not paid for the whole school year by the end of September will be required to pay a 10% late fee. I do have a “pay-as-you-go” option during the school year. I also do not usually send individual invoices. Instead I send one document to all of my students with all of the payment information for all lesson-lengths. From this document you can find your lesson-length and easily determine how much to pay. I accept payment in the following ways:

- a. You can pay for the entire school year in one e-transfer or cheque dated and delivered for the day of your first lesson. Password for e-transfers should be “violin.”
- b. You can divide your payment into two equal cheques dated for the day of your first lesson and January 1st 2020. Both cheques are to be delivered at the first lesson in September. This year I will also accept two equal e-transfers where the first is delivered in September and the second is set to auto-deposit on January 1st 2020.
- c. You can pay in 10 equal monthly cheques dated for the first day of each month (September through June) and delivered on the day of your first lesson. This year I will also accept 10 equal monthly e-transfers set to auto-deposit on the first day of each month. I will only accept e-transfers if they are set to auto-deposit. If your e-transfer is late more than once I will ask for cheques instead. Password for e-transfers should be “violin.”

Please look at the list below, find your lesson length and choose your payment option to see the amount that should appear on each cheque. If you have multiple children taking lessons you may add their amount together and include them on the same cheque.
